FOR IMMEDIATE RELEASE

Here we GROW again... Locair adding flights to The Bahamas from Tampa Bay

Ft. Lauderdale (October 1, 2009) – Locair, a fast growing Air Taxi Airline based in Ft. Lauderdale & Kentucky, is pleased to announce new service from the greater Tampa/St. Petersburg market to the Out Islands of The Bahamas. Locair’s new flights out of St. Petersburg-Clearwater International Airport represent the ONLY nonstop service between Tampa/St. Petersburg and the Bahamas’ Abaco Islands, and offer highly competitive fares starting as low as \$189* each way, plus tax, to and from St. Petersburg-Clearwater International Airport. Flights are scheduled to begin November 19, 2009.

“We’re thrilled to begin offering the ONLY nonstop service between Tampa Bay and the Islands of The Bahamas, as well as the FIRST nonstop flights linking Abaco’s Marsh Harbour & Treasure Cay and Western Florida. Our non-stop flights will now make Bahamian travel for tourists as well as The Abaco Islands’ second home owners much easier by eliminating the necessity of a 5 hour drive to South Florida or making an occasionally unpredictable connection. Locair is also the only family & pet friendly airline serving the Abacos, with discounted fares for children and abundant room for pets,” says Nathan Vallier, General Manager of Locair, “Add to that our ability to carry over 2,000 pounds of luggage, travelers can rest assured their bags WILL arrive with them in Abaco.”
