Staff Report

File #: 26-0511A, **Version:** 1

Agenda Date: 5/19/2026

Subject:

Project application to the Federal Aviation Administration and delegation of authority to accept Federal Aviation Administration Fiscal Year 2026 Funds - Infrastructure Investment and Jobs Act Airport Infrastructure Grant - St. Pete-Clearwater International Airport.

Recommended Action:

Approval of a Fiscal Year (FY) 2026 project application to request \$4,906,084.00 from the Federal Aviation Administration (FAA) under the Infrastructure Investment and Jobs Act (IIJA) Airport Infrastructure Grant program.

- This grant will enable St. Pete-Clearwater International Airport (PIE) to fund ongoing pre-construction design activities for the passenger terminal improvement project.
- This grant will likely pay for a portion of 80% of the terminal's eligible spaces since the FAA does not fund all terminal construction. The local share would be the remaining 20% of the FAA-determined non-eligible spaces.
- It is uncertain exactly when the grant agreement will be forwarded to the County for signature by the Chairman and County Attorney. The grant will be electronically mailed to the Chairman for electronic signature and then the County Attorney. PIE will not have a copy of the grant prior to the grant being emailed. It is customary that the FAA provides PIE with no advance notice and only a few days to execute the grant and obligate the funding.
- Because the grant agreement needs to be signed when it is received by the FAA, we request the Board of County Commissioners delegate authority to Chairman Eggers to sign the grant at the point in time when approving this grant application.
- This request is budgeted for in the Fiscal Year 2026 Budget of PIE in the Airport Revenue and Operating Fund (New Passenger Terminal Improvements Project 003343A). In the event that future fiscal year funding is not available for this project, the County maintains the authority to terminate this agreement.

Strategic Priorities:

Resilient Infrastructure and Environment

1.2 Maintain and enhance County infrastructure

Prosperity and Opportunity

3.5 Foster business growth

Summary:

The IIJA AIG is a program that provides funding for airport infrastructure beginning in FY22. PIE's FY23 apportionment is \$4,906,084.00. Apportions for FY2022-FY2025 total \$19,931,578.00 which will be requested in the next two years. This award would fund the eligible portions of the pre-construction design of the passenger terminal improvement project which includes items such as new

passenger boarding bridges, enlarging passenger hold rooms, increasing baggage make-up capacity, and performing renovations on our roof membrane system, sanitary sewer improvements, and restrooms.

As part of the IIJA, the Airport Infrastructure Grant (AIG) program provides \$14.5B in funding over five years starting in FY2022. This program included up to \$2.39B for primary airports such as PIE. These funds can be invested in runways, taxiways, safety and sustainability projects, as well as terminal, airport transit connections, and roadway projects.

Background Information:

This grant award will assist PIE as it embarks on the largest airport project undertaken in our history. There are several funding mechanisms that have been identified to assist PIE in funding this expansion: (1) FAA entitlements; (2) FAA IIJA AIG funds; (3) FAA IIJA Airport Terminal Program (ATP) funds; (4) Florida Department of Transportation (FDOT) Strategic Airport Investment Grant; (5) FDOT Strategic Intermodal System (SIS) grant; (6) Passenger Facility Charges (PFCs); and (7) Airport Capital Improvement Program (CIP) funds.

Fiscal Impact:

This request is budgeted for in the FY26 Budget of PIE in the Airport Revenue and Operating Fund (New Passenger Terminal Improvements Project 003343A). In the event that future fiscal year funding is not available for this project, the County maintains the authority to terminate this agreement.

The history of PIE's IIJA AIG allocations are as follows:

Fiscal Year	Allocation	Obligated Funds By
FY2022	\$4,914,957.00	9/30/25
FY2023	\$4,906,084.00	9/30/26
FY2024	\$5,083,744.00	9/30/27
FY2025	\$5,026,793.00	9/30/28
TOTAL	\$19,931,578.00

Dear Mr. Eggers:

The Grant Offer for Infrastructure Investment and Jobs Act (IIJA) Project No. 3-12-0075-057-2026 at St Pete-Clearwater International Airport is attached for execution. This letter outlines the steps you must take to properly enter into this agreement and provides other useful information. Please read the conditions, special conditions, and assurances that comprise the Grant Offer carefully.

You may not make any modification to the text, terms or conditions of the Grant Offer.

Steps You Must Take to Enter Into Agreement.

To properly enter into this agreement, you must do the following:

1. The governing body must give authority to execute the grant to the individual(s) signing the grant, i.e., the person signing the document must be the sponsor's authorized representative(s) (hereinafter "authorized representative").
2. The authorized representative must execute the grant by adding their electronic signature to the appropriate certificate at the end of the agreement.
3. Once the authorized representative has electronically signed the grant, the sponsor's attorney(s) will automatically receive an email notification.
4. On the **same day or after** the authorized representative has signed the grant, the sponsor's attorney(s) will add their electronic signature to the appropriate certificate at the end of the agreement.
5. If there are co-sponsors, the authorized representative(s) and sponsor's attorney(s) must follow the above procedures to fully execute the grant and finalize the process. Signatures must be obtained and finalized no later than **September 17, 2026**.
6. The fully executed grant will then be automatically sent to all parties as an email attachment.

Payment. Subject to the requirements in 2 CFR § 200.305 (federal payment), each payment request for reimbursement under this grant must be made electronically via the Delphi eInvoicing System. Please see the attached Grant Agreement for more information regarding the use of this system.

Project Timing. The terms and conditions of this agreement require you to complete the project without undue delay and no later than the Period of Performance end date four (4) years from the grant execution date). We will be monitoring your progress to ensure proper stewardship of these federal funds. We expect you to submit payment requests for reimbursement of allowable incurred project expenses consistent with project progress. Your grant may be placed in “inactive” status if you do not make draws on a regular basis, which will affect your ability to receive future Grant Offers. Costs incurred after the Period of Performance ends are generally not allowable and will be rejected unless authorized by the FAA in advance.

Reporting. Until the grant is completed and closed, you are responsible for submitting formal reports as follows:

- For all grants, you must submit by December 31st of each year this grant is open:
 1. A signed/dated SF-270 (Request for Advance or Reimbursement for non-construction projects) or SF-271 or equivalent (Outlay Report and Request for Reimbursement for Construction Programs), and
 2. An SF-425 (Federal Financial Report).
- For non-construction projects, you must submit [FAA Form 5100-140, Performance Report](#) within 30 days of the end of the federal fiscal year.
- For construction projects, you must submit [FAA Form 5370-1, Construction Progress and Inspection Report](#), within 30 days of the end of each federal fiscal quarter.

Audit Requirements. As a condition of receiving federal assistance under this award, you must comply with audit requirements as established under 2 CFR Part 200. Subpart F requires non-federal entities that expend \$1,000,000 or more in federal awards to conduct a single or program specific audit for that year. Note that this includes federal expenditures made under other federal-assistance programs. Please take appropriate and necessary action to ensure your organization will comply with applicable audit requirements and standards.

Closeout. Once the project(s) is completed and all costs are determined, we ask that you work with your FAA contact indicated below to close the project without delay and submit the necessary final closeout documentation as required by your Region/Airports District Office.

FAA Contact Information. Scott McGary, (407) 487-7223, scott.a.mcgary@faa.gov is the assigned program manager for this grant and is readily available to assist you and your designated representative with the requirements stated herein.

We sincerely value your cooperation in these efforts and look forward to working with you to complete this important project.

Sincerely,

Juan C. Brown (09/02/2026 15:26:42 EDT)

This Offer is made on and SUBJECT TO THE FOLLOWING TERMS AND CONDITIONS:

CONDITIONS

1. **Maximum Obligation.** The maximum obligation of the United States payable under this Offer is \$4,906,084.

\$4,906,084 for airport development or noise program implementation; and,

\$0 for land acquisition.

2. **Grant Performance.** This agreement is subject to the following federal award requirements:

a. Period of Performance:

- i. Start Date: The date the recipient formally accepts this agreement and the date signed by the last signatory to the agreement.
- ii. End Date: Four (4) years to the calendar day from the date of acceptance.
- iii. Extension of the Period of Performance (PoP): The recipient may request a one-time extension of up to one year after the PoP end date by submitting a request to the FAA. The request must include, at a minimum, supporting justification for the request and the amount of additional time requested. The request must be submitted at least 10 calendar days before the PoP end date. This one-time extension may not be exercised for the sole purpose of using unobligated balances.

The PoP end date, or any extension as approved by FAA, shall not affect, relieve, or reduce recipient obligations and assurances that extend beyond the closeout of this agreement.

b. Budget Period:

- i. For a single year grant offer, the budget period follows the same start and end date as the PoP provided in paragraph 2(a), and any extension of the PoP end date.

- ii. For a multi-year grant offer, per the authority provided in 49 USC § 47108 and § 47114, the budget period is from the initial PoP start date through the end of the final fiscal year identified on a multi-year grant offer (See Multi-Year Grant Special Condition, if applicable).
- c. Appropriation Period of Availability and Expenditure:
 - i. The FAA must obligate appropriated funds within the period of availability identified in the appropriation.
 - ii. In accordance with 31 USC § 1552, by September 30th of the fifth fiscal year after the period of availability, FAA must liquidate and close expired appropriations, and any remaining balance (whether obligated or unobligated) must be canceled and thereafter shall not be available for obligation or expenditure for any purpose.
 - iii. IIJA and Supplemental AIP funding are subject to this condition.

d. Close Out:

Recipients shall begin the closeout process upon physical completion of the project(s) identified in this agreement. Closeout shall proceed expeditiously and without delay, even if the PoP end date has not been reached. In accordance with 2 Code of Federal Regulations (CFR) 200, unless the FAA authorizes a written extension, the recipient must submit all grant closeout documentation and liquidate (pay-off) all obligations incurred under this award no later than 120 calendar days after the PoP end date. If the recipient does not submit all required closeout documentation within this period, the FAA will proceed to close out the grant within one year of the PoP end date with the information available at the end of 120 days.

e. Termination:

The FAA may terminate this agreement and all of its obligations under this agreement if any of the following occur:

- i. The recipient fails to comply with the terms and conditions of this agreement;
- ii. The recipient fails to obtain or provide any recipient grant contribution as required by the agreement;
- iii. There is a material failure to comply with the Project Schedule even if it is beyond the reasonable control of the recipient;
- iv. Any project changes that the FAA determines are inconsistent with the FAA's basis for selecting the project to receive a grant;
- v. Continued grant payment inactivity, generally defined as no drawdowns over a 12-month period;
- vi. The recipient requests that the FAA terminate the agreement under this section; or
- vii. The FAA determines that termination of this agreement is in the public interest.

In terminating this agreement under this section, the FAA may elect to consider only the interests of the FAA.

3. **Ineligible or Unallowable Costs.** In accordance with 49 USC § 47110, the sponsor is prohibited from including any costs in the grant funded portions of the project that the FAA has determined to be ineligible or unallowable, including costs incurred to carry out airport development implementing

policies and initiatives repealed by Executive Order 14148, provided such costs are not otherwise permitted by statute.

4. **Indirect Costs - Sponsor.** The sponsor may charge indirect costs under this award by applying the indirect cost rate identified in the project application, as accepted by the FAA, to allowable costs for sponsor direct salaries and wages.
5. **Determining the Final Federal Share of Costs.** The United States' share of allowable project costs will be made in accordance with 49 USC § 47109, the regulations, policies, and procedures of the Secretary of Transportation ("Secretary"), and any superseding legislation. Final determination of the United States' share will be based upon the final audit of the total amount of allowable project costs, and settlement will be made for any upward or downward adjustments to the federal share of costs.
6. **Completing the Project Without Delay and in Conformance with Requirements.** The sponsor must carry out and complete the project without undue delay, and in accordance with this agreement, 49 USC Chapters 471 and 475, IIJA (P.L. 117-58) (as appropriate), and the regulations, policies, and procedures of the Secretary. Per 2 CFR § 200.308, the sponsor agrees to report and request prior FAA approval for any disengagement from performing the project that exceeds three months, or a 25 percent reduction in time devoted to the project. The report must include a reason for the project stoppage. The sponsor also agrees to comply with the grant assurances, which are part of this agreement.
7. **Amendments or Withdrawals before Grant Acceptance.** The FAA reserves the right to amend or withdraw this offer at any time prior to its acceptance by the sponsor.
8. **Offer Expiration Date.** This offer will expire and the United States will not be obligated to pay any part of the costs of the project(s) unless this offer has been accepted by the sponsor on or before September 17, 2026, or such subsequent date as may be prescribed in writing by the FAA.
9. **Improper Use of Federal Funds and Mandatory Disclosure.**
 - a. The sponsor must take all steps, including litigation, if necessary, to recover federal funds spent fraudulently, wastefully, or in violation of federal antitrust statutes, or misused in any other manner for any project upon which federal funds have been expended. For the purposes of this grant agreement, the term "federal funds" means funds however used or dispersed by the sponsor, that were originally paid pursuant to this or any other federal grant agreement. The sponsor must obtain the approval of the Secretary as to any determination of the amount of the federal share of such funds. The sponsor must return the recovered federal share, including funds recovered by settlement, order, or judgment, to the Secretary. Upon request, the sponsor must furnish to the Secretary all documents and records pertaining to the determination of the amount of the federal share, or to any settlement, litigation, negotiation, or other efforts taken to recover such funds. All settlements or other final positions of the sponsor, in court or otherwise, involving the recovery of such federal share require advance approval by the Secretary.
 - b. The sponsor, a recipient, and a subrecipient under this federal grant must promptly comply with the mandatory disclosure requirements as established under 2 CFR § 200.113, including reporting requirements related to recipient integrity and performance in accordance with Appendix XII to 2 CFR Part 200.

10. United States Not Liable for Damage or Injury. The United States is not responsible or liable for damage to property or injury to persons which may arise from, or be incident to, compliance with this agreement.

11. System for Award Management (SAM) Registration and Unique Entity Identifier (UEI).

- a. Requirement for System for Award Management (SAM): Unless the sponsor is exempted from this requirement under 2 CFR § 25.110, the sponsor must maintain the currency of its information in the SAM until the sponsor submits the final financial report required under this grant, or receives the final payment, whichever is later. This requires that the sponsor review and update the information at least annually after the initial registration and more frequently if required by changes in information or another award term. Additional information about registration procedures may be found at the SAM website (currently at <http://www.sam.gov>).
- b. Unique entity identifier (UEI) means a 12-character alpha-numeric value used to identify a specific commercial, nonprofit, or governmental entity. A UEI may be obtained from SAM.gov at <https://sam.gov/content/entity-registration>.

12. Electronic Grant Payment(s). Unless otherwise directed by the FAA, the sponsor must make each payment request under this agreement electronically via the Delphi eInvoicing System for Department of Transportation (DOT) Financial Assistance Awardees.

13. Informal Letter Amendment of Projects. If, during the life of the project, the FAA determines that the maximum grant obligation of the United States exceeds the expected needs of the sponsor by \$25,000 or five percent, whichever is greater, the FAA can issue a letter amendment to the sponsor unilaterally reducing the maximum obligation.

The FAA can also issue a letter to the sponsor increasing the maximum obligation if there is an overrun in the total actual eligible and allowable project costs to cover the amount of the overrun, provided it will not exceed the statutory limitations for grant amendments. The FAA's authority to increase the maximum obligation does not apply to the "planning" component of Condition No. 1, Maximum Obligation.

The FAA can also issue an informal letter amendment that modifies the grant description to correct administrative errors or to delete work items if the FAA finds it advantageous, and in the best interests of the United States.

An informal letter amendment has the same force and effect as a formal grant amendment.

14. Environmental Standards. The sponsor is required to comply with all applicable environmental standards, as further defined in the Grant Assurances, for all projects in this grant. If the sponsor fails to comply with this requirement, the FAA may suspend, cancel, or terminate this Grant Agreement.

15. Financial Reporting and Payment Requirements. The sponsor will comply with all federal financial reporting requirements and payment requirements, including submittal of timely and accurate reports.

16. Buy American. Unless otherwise approved in advance by the FAA, in accordance with 49 USC § 50101, the sponsor will not acquire or permit any contractor or subcontractor to acquire any steel or manufactured goods produced outside the United States to be used for any project for which funds are provided under this grant. The sponsor will include a provision implementing Buy American in every contract and subcontract awarded under this grant.

- 17. Build America, Buy America.** The sponsor must comply with the requirements under the Build America, Buy America Act (P.L. 117-58).
- 18. Maximum Obligation Increase.** In accordance with 49 USC § 47108(b)(2), as amended, the maximum obligation of the United States, as stated in Condition No. 1, Maximum Obligation, of this grant:
- a. May not be increased for a planning project;
 - b. May be increased by not more than 15 percent for development projects, if funds are available;
 - c. May be increased by not more than the greater of the following for a land project, if funds are available:
 - i. 15 percent; or
 - ii. 25 percent of the total increase in allowable project costs attributable to acquiring an interest in the land.

If the sponsor requests an increase, any eligible increase in funding will be subject to the United States Government share as provided in 49 USC § 47109, or IIJA (P.L. 117-58), or other superseding legislation if applicable, for the fiscal year appropriation with which the increase is funded. The FAA is not responsible for the same federal share provided herein for any amount increased over the initial grant amount. The FAA may adjust the federal share as applicable through an informal letter of amendment.

19. Audits for Sponsors.

PUBLIC SPONSORS. The sponsor must provide for a Single Audit or program-specific audit in accordance with 2 CFR Part 200. The sponsor must submit the audit reporting package to the Federal Audit Clearinghouse on the Federal Audit Clearinghouse's Internet Data Entry System at <http://harvester.census.gov/facweb/>. Upon request of the FAA, the sponsor shall provide one copy of the completed audit to the FAA. Sponsors that expend less than \$1,000,000 in federal awards and are exempt from federal audit requirements must make records available for review or audit by the appropriate federal agency officials, state, and Government Accountability Office. The FAA and other appropriate federal agencies may request additional information to meet all federal audit requirements.

- a. Verify the non-federal entity is eligible to participate in this federal program by:
 - i. Checking the System for Award Management (SAM.gov) exclusions to determine if the non-federal entity is excluded or disqualified; or
 - ii. Collecting a certification statement from the non-federal entity attesting they are not excluded or disqualified from participating; or
 - iii. Adding a clause or condition to covered transactions attesting the individual or firm are not excluded or disqualified from participating.

The sponsor shall not take actions that frustrate or prevent the FAA from installing, maintaining, replacing, improving, or operating equipment and facilities in or supporting the National Airspace System.
 - b. If FAA determines that the sponsor has violated subsection a., the FAA may impose a remedy, including:

- 31. Signage Costs for Construction Projects.** The sponsor agrees that it will require the prime contractor of a federally-assisted airport improvement project to post signs consistent with a DOT/FAA-prescribed format, as may be requested by the DOT/FAA, and further agrees to remove any signs posted in response to requests received prior to February 1, 2025.
